## REPORT OF FOREST FIRE WARDEN AND DISTRICT CHIEF

In New Hampshire, forest fire control is a cooperative State-town program. The Forest Fire Warden, appointed by the Director, Division of Resources Development upon recommendation of the Selectmen and the State's District Forest Fire Chief is responsible for fire suppression and other related duties. The State shares equally with the town in the cost of most forest fires, except illegal and careless fires, which are charged to the responsible party. The State further provides fire detection services, prevention programs, fire training for town wardens and crews, and back up equipment for fire suppression.

By authority of the State, the Town Forest Fire Warden controls all outside burning in his town except backyard cooking fires. Any person wishing to kindle a fire when the ground is not covered with snow must obtain a fire permit, free of cost, from the Town Forest Fire Warden. No permits will be issued for fires between 9:00 A. M. and 5:00 P. M. unless it is raining, except for commercial purposes.

Please be careful when using fire, remember it can be an extremely useful tool when under control but once allowed to run wild it can become a disastrous and devastating force. Only you can prevent a forest fire.

Number of fires reported and acres burned 1972 season:

|          | Fires | Acres Burned   |

## REPORT OF WOODSTOCK CONSERVATION COMMITTEE

The Commission will attend a petition hearing on the Eastman (sometimes called Baston) Brook recreation area on February 20, 1973.

Chairman Brown has ordered from Grafton County Soil Conservation, an aerial photo of all land in Woodstock. This soil map will locate wet lands, possible flood areas, determine location for town's future landfill dump, and be of assistance to the Planning Board.

LUCIE LEE, Sec.

## SUMMARY PROGRAM OF THE WHITE MOUNTAINS REGION ASSOCIATION

1972 — (35th Year)

The officers and directors held two meetings to reassess the goals and projects of the Association to make them more meaningful for the 1970's. Out of these two eight hour sessions came agreements on five programatic objectives. They were the need to insure a quality environment, orderly development, improved public transportation facilities, vocational training, and the need for a community college. The first objective has received the most attention since these sessions were held. In this regard the Association sponsored a workshop on air pollution in Berlin.

The Association has spoken out on the need to preserve the small family farms and, thus, it has actively supported the Open Space Bill, HB44. The Bill permits selectmen to tax land upon current use instead of its potential value. The Association spoke out in support of this Bill at a senate hearing in Concord and contacted the state senators and representatives in the region notifying them of the Association's position on the subject.

The Association sponsored a very successful sewage conference in Waterville Valley. Billed as a "sharing of ideas" the conference dealt with some new concepts in sewage treatment such as combining wood wastes with sewage to make fertilizer.

The Association organized a hearing on regional planning in Twin Mountain and worked with the Town of Carroll in setting up what turned out to be the most successful snowmobile hearing in the State.

Finally, as an integral part of its annual meeting the Association held a very exciting panel discussion on "Development/Environment." Gov. Frank W. Sargent of Massachusetts, a former commissioner in the Department of Natural Resources there, addressed the group following the annual dinner on a theme in keeping with the theme of the meeting, "Best Use of Our Natural Resources."

Non-environmental Association activities for the past year included: help in preparing background information for the Berlin and Whitefield Airports for the hearings in Concord before the Civil Aeronautics Board: creation of a new Association logo and a very successful Fall Foliage Shunpike folder: continued promotion of the off season through news releases and the sponsorship of several canoe races, the most ambitious and successful of which was the New England Canoe Slalom held in Campton, Also, the Association assisted a group in Berlin develop a plan for a hotel trade learning course.
